IF WE MAKE IT, AN IDEA BECOMES
A GOOD DESIGN

Won more than 40 awards of world's 4 major design awards
The first and the most awarded in the domestic furniture industry

국내최다디자인 관련수상 및 인증 획득 기업, 퍼시스-디자인 전문 기업으로 앞장서 왔습니다.

Made in Korea

Timber and steel forming, coating, assembly, sofa manufacturing and distribution. With a network of 5 specialized factories and 1 distribution company, Fursys is responsible for the entire process from furniture manufacture to delivery to the customer. Our automated manufacturing process enables efficient manufacture of best quality products.

Product Excellence

Fursys operates its own quality control institute to provide customers with best quality that exceeds legal minimum requirements. We have also been awarded with KOLAS (Korea Laboratory Accreditation Scheme) certification to manufacture products in line with international standards.

Operational Excellence

Fursys' efforts in providing our customers with best quality products have been widely acknowledged. With ISO9001, ISO14001 certifications, our products are managed through decision making processes for quality and sustainable manufacturing. We are the only company in Korea to manufacture BIFMA certified products and the only furniture company acknowledged by the Korean government for excellence in quality control practice.

Seating / Executive Chairs

MARCUS

This chair is not for those who simply seek fame or reputation. MARCUS is Fursys' finest executive chair, recommended for those who possess an unspoken elegance and are respected according to the level of their success. Meet this incomparable, top-of-the-grade chair which is made with the finest natural leather and has a lumbar support mechanism built into its frame.

Synchronized Tilt, Adjustable Headrest

Premium synchronized tilt provides support that is smoother than the movements of the human body. The headrest has been designed to ensure user health.

Adjustable Lumbar Support

The lumbar support installed into the backrest allows the user to adjust height and rear/front according to their physique. The armrests on the left and right allow easy adjustment.

Auto-return Center Pole

The auto-return center pole chair is perfect for an executive office or conference space. This high-tech mechanism ensures that the rotation as well as height returns to its original position, to always maintain a neat and elegant space. During work or meetings, the chair height can be adjusted according to the sitter's height and the body can be rotated freely. When the sitter rises, the chair returns to its usual height and position.

Seating / Executive Chairs

CHN1000

The CHN1000 executive chair series combines several special features for total harmony. It offers a tilting mechanism, high-quality natural leather, quality stitching, and a beautiful color contrast between chrome and black to provide you with optimum convenience and ample satisfaction.

Knee Tilt
The comfort of the CHN1000 series originates from its tilting mechanism's novel concept. The backrest and seat are divided into two parts, allowing user's knees the maximum freedom for movement.

All In One Design
One frame connects seat and backrest and simplifies the design.

V-line Stitch
Finish of V-line stitch on the leather provides a feeling of exclusivity.

Seating / Executive Chairs

Luminar

With its knee tilt feature that offers superior seat comfort, the LUMINAR series is our practical executive chair. Top-of-the-line polyurethane synthetic leather, highly elastic EVA padding and metallic silver coloring can brighten up any busy office.

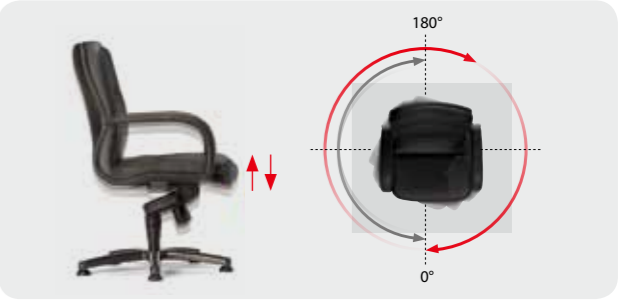

Knee Tilt, Locking

The knee-tilt mechanism, which is widely used in executive chairs, prevents the elevation of your knees when you lean backward.

All In One Design

One frame connects seat and backrest and simplifies the design.

Auto-return Center Pole

Conference executive chairs feature a unique swivel memory return mechanism that allows the chair to always return to the same set position and makes this chair ideal for executive conference environments.

T80 series
TN800HLDA

T80 Series

With refined design lines and luxurious materials to match, the sophisticated details of T80 add elegance to your space.

T80 series
T800HLDA

Tilting Tension

By adjusting the tilting tension, you may personalize T80 so you feel utmost comfort. Simply rotate the lever, and you can allow the chair tilt more easily, or rather stay fixed.

Ultimate Sync Tilt

The "Ultimate Sync" mechanism optimizes the movement of the chair for body movement. The ultimate comfort proven through six years of study can only be experienced through the T80.

Adjustable Seat Slide/Slope

T80's seat slide and slope can be adjusted, helping you sit in the most comfortable posture.

The Seat cushion consists of memory form and high elastic sponge embraces your body that ensures utmost pleasant feel even over long seating hours.

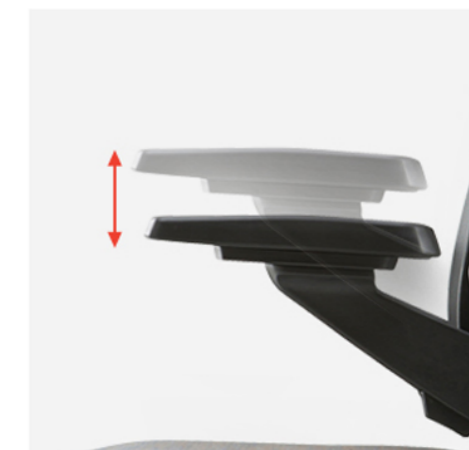

Adjustable Headrest

To fit your body, the headrest/neckrest offers adjustable height and angle. Soft, comfortable headrest/neckrest provides enjoyable support for your head/neck.

Adjustable Arms (3-way)

T80's armrest angle is adjustable to suit your working environment. This way, your shoulders and wrists are not affected.

Adjustable Arms (3-way)

You can also adjust the the armrest's height. With T80's 3-way adjustable armrest, adjust the chair so it perfectly fits you.

Design & Function

Synchronized Tilt
The seat plate and backrest tilt independently in response to natural body movements. The tilt mechanism allows the most suitable movement for your different postures.

Multi Limited Tilt
More advanced than tilt angle locker, this 4 steps multi limiter helps you control over your maximum levels of tilt angles depending on your preferred working postures.

Tilting Intensity Adjustment
Easy control lever adjusts tilting intensity by rotating up to 2.5 turns.

Dual Structure Seat
Seat cushion consist of Memory Form and Antibacterial High Elastic Sponge embraces your body and ensures utmost pleasant feel even over long seating hours.

Lumbar Support
The lumbar support gives more effective and sophisticated support to your lumbar. By adjusting each handle on the backrest, you may find its best spot for your lumbar support.

Adjustable Headrest
The headrest minimized pressures on your neck disks with features of height and angle adjustments giving a support to either your neck area or head depending on the angle you set.

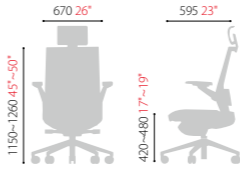

Urethane Molding Armpad & Adjustable Armrest
The 3 dimensionally adjustable armrest supports your forearms and vouches for silky touch and long-term durability by installing the highest class urethane molding armpad.
