Premier Class

CEOS

As part of our Premier Class executive furniture line, the CEOS series is made with the finest quality of natural veneers and its highly sophisticated designs are the result of Fursys' advanced technologies and extensive know-how. Let CEOS accent your leadership and executive authority with style and dignity.

A micro - fiber leather inset is fitted into the desktop.

The modesty panel and solid looking side panels employing horizontal lines produce a quality premium look.

Multi-tab and LAN port are built in the desk top to organize the wiring neatly.

The top and sides are joined at a 45 degree angle to emphasize design.

Desk

Combining horizontal and vertical cabinets and credenzas together, the wall unit is both functional and attractive. An illumination light with sensed on - off switch is attached on the wall unit.

Wall Unit

The glass - door hanging cabinet on the upper part of the wall unit can be easily accessed (gas strut assisted). The open shelving below is practical with adjustable shelves.

Only the strictly selected accessories have been used such as coat hangers, mirror and necktie hanger for elegant and functional design.

The damping function relieves the impact and prevents noise and damage to the product.

Premier Class

RHODES

The RHODES furniture suite is for the passionate and determined executive who overcomes adversity and takes on challenges like an alpinist on the ascent. Its fine quality will last a long time and will always be there, like a trusted ally, quietly witnessing your every triumph. RHODES is a part of the Fursys Premier Class of executive furniture.

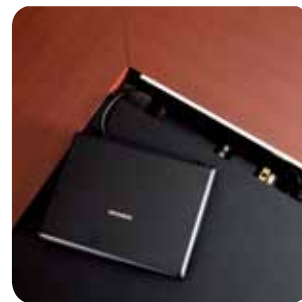

The high-quality micro fiber leather finish on the work surface provides the user with a comfortable feeling when working.

The luxurious design combination of the side panel and the worktop of the desk makes this series world-class executive level furniture.

The high-quality rail for the desktop provides a smooth opening /closing of the drawer.

Flexible cable cap on the desk surface adds convenience for the use of multimedia devices.

Desk

Side cabinet provides the spaciousness for users to store their personal items in the room.

The hanger and the mini shelf inside the closet demonstrate how the executive series considers even the smallest details.

The excellent color combination of gold aluminum framed glass doors upgrades the design of this product.

Premier Class

MONARCH

With its modern, square-type dual structure, edge details; MONARCH series combines elegant wood with champagne gold color to perfect your space in elegant style.

Front of desk comes attached with a fine wood front panel that has horizontal lines on it. It creates a distinguished, elegant business space.

Desk

Regardless of the direction, the cover allows you to access the outlet and communication line conveniently in both directions.

The damping function relieves the impact and prevents noise and damage to the product.

Major work surface of desk is finished in premium, latest technology microfiber leather to provide an elegant look and smooth touch. Sliding-type cable duct allows easy access to cables.

Inside the wardrobe, luxury accessories such as mirrors, hangers, and tie hanger have been applied.

Storage

Handle with simple design and metallic material adds up the luxurious atmosphere.

Frosted glass allows you to see stored contents. The combination of gold frame and frosted glass creates a smooth look.

Push-open mechanism of the door makes it easy to open by pressing the door lightly.

Premier Class

SETINA

SETINA series provides a simple design to create a more open space. SETINA is perfect for those who consider practical value over authority and choose to be different in style.

4-legged desk creates a lighter, more open atmosphere.
Simple design with metallic colors provides a modern look.

Wire management can be done neatly,
and the cover with bumper closes smoothly and silently.
* Media power strip: LAN (2holes) + MEDIA (SOUND, RGB, HDMI) + USB (4holes)

The corner of the surface is rounded
to provide a safe and soft design.
The matte with a textured finish and
the open pore style finishes the
atmosphere to create a sensuous
atmosphere.

Desk

The drawer with castors can be moved freely.

A pen tray can be installed at the
bottom of the surface to organize
writing instruments and items.

Metallic material and simple
embossed round handle completes
its sensible design.

Push-open mechanism of the door
makes it easy to open by pressing
the door lightly.

Storage

Premier Class

TIERRA

Today's leaders are typically specialists who emphasize systematic and practical approaches while eschewing authoritarianism and excessive formality. They are both exceptionally talented and willing to share. The TIERRA series is designed for such people. Efficiency and refinement come together naturally to convey great confidence and sophistication.

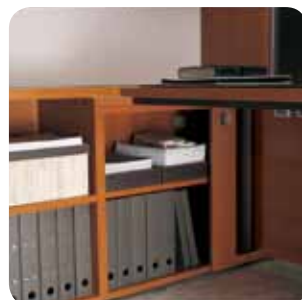

Its compact size serves small meetings effectively.

Each side panel is surrounded by a contrasting brushed-aluminum frame that is both crisp and striking.

Wire management can be done neatly, and the cover with bumper closes smoothly and silently.

Desk type 1, configured in an 'L' or desk type 2 in either an 'L' or 'U', provides lots of storage space below the surface of the return. This storage cabinet is slightly recessed to keep the work surface unobstructed.

Desk

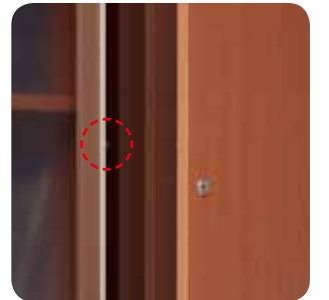

The wardrobe closet is designed for practicality and convenience. It includes a large door mirror, a drawer for shoes, and racks for hanging clothing, ties and belts.

Storage

Under the overhead cabinet is a unique covered magnetic board for posting memos or photographs.

To maintain design simplicity, the glass doors lightly push open and closed without obtrusive handles.

To soften the angularity of the cabinet end, a functional 90-degree curved corner shelf has been added.

Premier Class

PRESIDENT

A space for those who treasure memories
and reflect on the past.
PRESIDENT series is both classic and modern
in design, creating a unique, premium space.

Top of desk workspace comes installed with a convenient power duct for cables and internet connection. Aluminum finish caps installed with cylinders allows it to open/close noiselessly.

A thick desk surface and voluminous desk design for eye-catching impact.

Store frequently used goods in side desk's hanging drawers. Side cabinet can be added to create more storage space.

Corners of desk are molded with wood to create a strong yet elegant look.

Desk

Golden-colored aluminum frames, frosted glass, mild wooden patterns combine to create an elegant space.

Push-open type door comes in a simple design without handles. Press gently to open and close.

Premier Class

MANHATTAN

The MANHATTAN furniture ensemble is designed for the confident and hardworking executive who is neither stymied by adversity nor overwhelmed by success. The furniture serves as a reliable base of operations from which to take on every new challenge.

The uniquely designed horizontal and vertical ducts effectively manage all the wires from the various pieces of OA equipment.

The silver colored molding used on the desk, side cabinet, and credenza creates a unique design.

The wire duct covers on the left and the right side of the desk conceal wires from view.

The color combination of aluminum framed glass doors and paneling doors greatly adds to the beauty of this product.
