

Seating / Executive Chairs

VESTO

VESTO Series offers modern and sophisticated design with an ergonomic bucket seat shape in order to provide aesthetic satisfaction and the highest comfort. Users can select from two combinations of chrome plating and black paint depending on the intended use of space which will add classy feel to the atmosphere.

Synchronized & Multi-limited tilting

5-level angle ranges are available for backrest and seat tilting according to the user's posture.

Backrest cover and bucket seat design

Bucket seat shape and a backrest cover with tree pattern design provide comfortable attractive seating and aesthetic satisfaction.
